Anlagenbau GÜNTHER breaks new ground in the USA

Anlagenbau GÜNTHER welcomes its new partner in the USA, the company Van Dyk Recycling Solutions.

Van Dyk and Anlagenbau Günther are going cooperative ways

[Van Dyk Recycling Solutions](#) is a provider of turnkey systems for innovative and profitable recycling solutions. Van Dyk always strives to find the best solution for its customers that meets their needs and goals. In doing so, they pursue the same goal as Anlagenbau GÜNTHER.

Through the new partnership with Anlagenbau GÜNTHER, Van Dyk now relies on the patented SPLITTER® technology. The stationary SPLITTER UNIT with its compact screen deck is the perfect solution for almost any material. The open design is non-winding, self-cleaning and therefore requires very little maintenance.
